<p>Day 3</p>	<p><b><i>Chobe Game Lodge (Standard Room) - Fully Inclusive</i></b>  Chobe Game Lodge is Botswana's most famous safari resort. Situated in the remote and unspoilt northern extremity of the Park and approximately 90 kilometres west of Victoria Falls.  The wildlife roams in profusion and diversity. The elephant population, estimated to number in excess of 35 000, is the largest single concentration in Africa surviving within the confines of a proclaimed National Park. During the harsh dry season, the herds migrate south to north and congregate along the perennial Chobe River and fertile floodplains. The sight is spectacular and unforgettable - red winter sunsets, elephant, and buffalo in their thousands. The quality of timeless Africa is real and very strong and the vistas are of an era almost bygone in time. Other major species such as lion, square-lipped rhino, wild dog, sable and roan antelope are encountered in this area. The architecture is Moorish and graceful high arches, barrel-vault ceilings and tiled floors create an atmosphere of spaciousness and tranquillity. All 45 rooms are tastefully furnished and cooled by overhead punkah-punkah fans. All rooms overlook the perennial Chobe River and adjacent Caprivi floodplain. Facilities within the lodge include a well-stocked curio shop, wildlife reference library and stylishly decorated Linyanti bar and lounge area. The Motswana game rangers are highly experienced and fully committed to the continued preservation and conservation of Botswana's National Parks and wildlife.</p>		<p>Included Accordingly</p>
